
Harney County Library

3D Printing Request Form

To create objects for printing, either use 3D modeling software on the internet (we suggest Tinkercad.com for beginners) or download free files from Thingiverse.com. Please create your object before submitting your form.

Please complete the following information:

Name: _____

Harney County Library Card #: _____

Phone or email: _____

File name (.STL or .GOCDE format): _____

Submitted via email (beryl@harneycountylibrary.org, mark project email with your full name & date this form was submitted) OR with enclosed flash drive // EMAIL or FLASH DRIVE (circle one)

Brief description of project:

Must be 18 years or older to sign. Parents may sign for minors.

I have read Harney County Library's 3D Printing Policy and agree to abide by it.

(Copies available at the Information Desk.)
